## **PRESENT**

Ella is sitting alone at Starbucks when she notices a young man sitting across from her. They briefly exchange glances. He smiles, she laughs. Without her noticing -- she spills a cup of coffee on her shirt! As she looks at the mess her friend Max comes in and immediately helps her clean it. When she looks up, the other guy is gone and she is upset. Max tries to cheer her up and makes her laugh.

As they are walking to class they talk about how Ella is upset that she's awkward. She looks away from Max and catches a glance at Will. As she looks at him (slow motion?) she trips and falls. Max tries to grab her, but she hits her head and blacks out.  
End.

## **INT. College Center - Starbucks.**

MAX: HEY! Oh geez, don't worry I got it.

ELLA: Max, Max what stop it. It's done. Over. ugh.

MAX: So you just want me to leave you like that? You look like a mess. (Wipes off shirts) There see, that's better.  
(hands over napkins, gives them to Ella)

ELLA: Why are you so good to me? I'm a complete freak of nature.

MAX: I don't know? Maybe because you're not and you just don't see it yet.

ELLA: Ha ha not true. I'm clumsy without even trying. Let's get out of here.

**Cut.**

**(they're walking in a narrow hallway)**

MAX: What's wrong? Don't tell me you're still upset about that 98 you got on your english test. (Smirks at Ella)

Ella: Hey! Those two points matter you know! Those two points could be the difference between a A- and an A!

Max: (Laughs) I wish I had that problem.

Ella: I'm so weird.

MAX: You're not that weird. How often do you meet people who only eat the blue M&M's and green Skittles! Come on, don't look so down in the dumps! **(Pauses to look for a response from Ella, but doesn't get one and continues anyway)**

Oh by the way, my roommate and I are having some people over this weekend for pizza and a movie and I was wondering if maybe you...(cuts off as Ella sees Will and falls)

ELLA **(Ignores the comment)**. She begins to walk faster but unexpectedly makes eye contact with Will. She trips, and falls.

Frick. Frick. I twisted my ankle. (looks utterly helpless sprawled on the floor)

MAX: Ella, are you ok?
